

SKN SINHGAD COLLEGE OF ENGINEERING

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

VOLUME 3 ISSUE 1

OCTOBER 2015

An ACSES is the Association of Computer Science & Engineering Students, which was established in year 2012 with the spirit to spread technology of Silicon Valley at its easiest way. The main objective of the association is to provide a well platform for Computer Engineering Students where they face different level of Competition and also give them chance to show their talent.

INSIDE THIS ISSUE:

Best Resume 2
Competition

Formal Day 2
Celerabation

Our objective:

It is well known that seeing and hearing someone explain a process greatly improves understanding. You will find a variety of spoken tutorials that will help you to learn and use open source software.

We conduct software training workshops using Spoken Tutorials on behalf of by IIT Bombay for MHRD, Government of India and give certificates to those who pass an online test.

spoken tutorials project: The Spoken Tutorial project is the initiative of the 'Talk to a Teacher' activity of the National Mission on Education through Information and Communication Technology (ICT), launched by the Ministry of Human Resources and Development, Government of India.

The use of spoken tutorials to popularize software development and its use is co-

table. Accordingly student use Audio Visual means for attending spoken tutorial course. The Certificates are issued to the students after passing online test conducted at the end of semester.

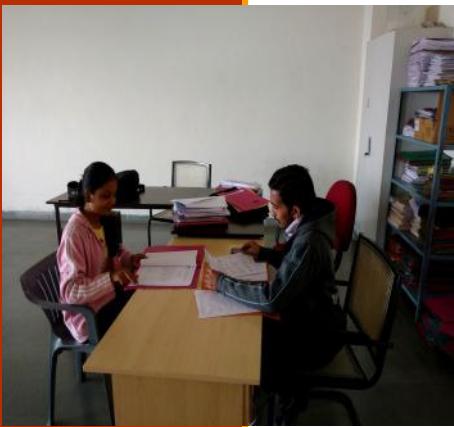

Student's attending spoken tutorial

ordinated by our faculties -
1. Prof. Prakash R. Gadekar
and 2. Prof. Ranjeet B. Parihar.

The Spoken Tutorial project is being developed by IIT Bombay for MHRD, Government of India

This Semester we conducted Linux and PHP MySQL courses for SE and TE respectively. Separate time is allocated in academic time

Best Resume Competition

Prof M. B. Kulkarni taking Interview

Resume is not just one page format giving details of a person if thoroughly describes a persons career objectives, qualification,

curricular, extra-curricular activities, hobbies and personal information.

So, resume can be thought as a stepping stone in the placement activity of a student. With this idea, ACSES

(Association of Computer Science & Engg. Students) came with “**Best Resume**” competition held on 19/07/2015. Students of final year Engineering from all departments participated in response to the event.

Prof. Sakhare .-TPO Co-ordinator and Prof. Somnath Thigale judge the participants’ along with their resumes and gave the feedback for required improvement and corrections in resumes.

In the prize-distribution ceremony, new ACSES committee was declared and new committee members were felicitated by Hon. Principal, judges of event, HOD, ACSES staff coordinator and whole teaching staff of the department.

The efforts taken by all including teaching, non-teaching staff members, students were appreciated by the Hon. Principal.

Formal Day Celebration

Formal Day celera-bation activity is one of event that is conducted in the Department of CSE every semester. The motive be-hind the activity is to make aware about dressing sense required for interview. This event is whole and solely organized by ACSES under the guidance of Prof. M. B. Kulkarni. It helps

them to improve their confidence and dressing sense.

All the work of execution was done by student coor-dinators very well, an-choring, arranging the sets, creat-ing the teams, was done very smoothly and flaw-less-ly by the stu-dent coor-dinators. In this event staff members of CSE Dept has taken active participation by formal dress to motivate stu-dents.

Lastly, the prize distribu-tion was done to various winners and runners of the event by Prof. A. A. Rajguru, HOD, CSE. Vote of thanks was given by Prof. M. B. Kulkarni for the great execution of the event by the students

Computer Hardware and Networking

This is the workshop held on 2nd September 2015, and conducted by our Non-

Computer Network and Hardware

teaching staffs Mr. Amol Navale and Mr. Abhijit Patane for Third year students about awareness of hardware & networking devices. Have you ever done experiment with your computers?..Want to know about how different parts of computer are interconnected?

How two or more computers are inter-linked for the purpose of sharing data?

Answer of these questions are hidden behind the concept of computer hardware & Networking.

Computer Hardware & Networking is the demanding career field

among the young ones. Hardware and Networking domain is the highest paying and fastest growing domain in IT sector. Computer Hardware is the combination of physical components or parts that makes the computer system. Physical components include monitor, keyboard, mouse, hard disk drive, graphic card, RAM, motherboard, etc.

Networking is the field of computer science that allows computers to exchange data or information. Data can be exchanged either using cable media or wireless media.

Latex Workshop

This was the two days' workshop held on 29th & 30th July 2015, and conducted by Prof. A. A. Rajguru & Prof. N. M. Sawant to provide a hands-on introduction to Latex. This workshop was for Final Year students in which students were taught how to prepare a synopsis, design report and dissertation report of projects in Latex. Latex is a high-quality typesetting system; it includes features designed for the production

of technical and scientific LaTeX is available as free software. LaTeX can be arbitrarily extended by using the underlying macro language to develop custom formats. Such macros are often collected into packages, which are available to address special formatting issues such as complex mathematical content or de facto standard for the graphics. This latex workshop is appreciated by IIT Bombay.

Two Day Workshop on Latex documentation. LaTeX is the de facto standard for the communication and publication of scientific documents.

Digital Poster Presentation Contest

It is the departmental level contest which was held on 26th August 2015, in which the participants should prepare the digital posters on any technology and to present it. The best and attractive posters are awarded with prizes.
