Respected Sir,

On behalf of the management of SKN Sinhgad College of Engineering, Pandharpur, I have the honour to invite you to kindly grace the inauguration of the AICTE IDEA LAB recently established at our institute with the support and funding of the All India Council for Technical Education (AICTE).

The establishment of the IDEA LAB is in alignment with AICTE's vision of promoting innovation, hands-on learning, and entrepreneurial skills among engineering students. The facility is intended to function as a structured platform for ideation, prototyping, and interdisciplinary project development, thereby strengthening outcome-based education and industry-relevant competencies.

Your vast experience and significant contributions to the advancement of technical education in the country have been instrumental in guiding institutions towards academic excellence and innovation. Your presence on this occasion would be a matter of great privilege for our institution and would provide valuable encouragement to our students and faculty members.

We would be grateful if you would kindly consent to be the Chief Guest and formally inaugurate the AICTE IDEA LAB. **We propose to organize the inaugural programme during January or February 2026. The date and time shall be finalized as per your convenience, and we would be obliged if you could kindly indicate a suitable schedule during this period.** We look forward to your kind consideration and a favourable response.

--

Regards,
Dr. K. J. Karande.
Principal,
SKNSCOE, Korti, Pandharpur.

(NAAC 'A+' Grade & NBA Accredited Institute)

Vision of the Institute

“To be a globally recognized technical education Institute through professional excellence, research and value based learning.”

Mission of the Institute

M1: To provide quality technical education that empowers students with the knowledge and skills to excel in their careers.

M2: To foster continuous learning, leadership, and professional growth to develop competent industry-ready professionals.

M3: To promote innovation and research to address real-world challenges and contribute to technological advancements.

M4: To inculcate ethical values, social responsibility, and lifelong learning for holistic personal and professional development.
